

CDU D-M

control unit for dual-colour luminaires

Code	F0126000078
Input	24VDC
Output	24VDC
Power	max 120W
Wiring IN	500mm 2x Micro24 male
Wiring OUT	500mm 6x Micro24 female
Wiring PWM	500mm

24Vdc

Micro 24

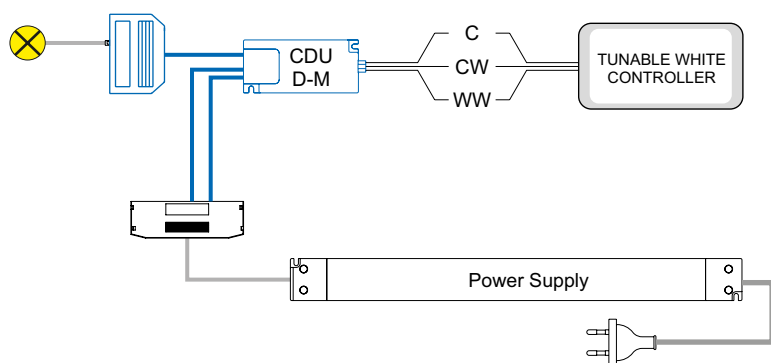

CDU D-M

control unit for dual-colour luminaires

CDU D-M (Control Digital Unit D-Motion) is a device designed to control dual-colour LED luminaires @24VDC. It is designed to interface luminaires with a bipolar power cord and Micro24 connection system with digital control systems (such as Zigbee, DALI, KNX, Philips Hue, Casambi, etc.—not supplied by Domus Line) wired with tripolar systems. The luminaire comes with cables and Micro24 connection systems. Power supply not included, to be ordered separately.

Example of parallel connection with a single power supply. Digital control systems (Switch Controllers) are not supplied by Domus Line. Only connect Domus Line luminaires with dual-colour D-M light sources.
