

Solid Wood Worktop Oil

Features:

- Fast Cure
- Stain Resistant
- Waterproofs
- VOC – 2010 Compliant
This product contains <35 g/l VOC
- EN71-3 Certified – Food Safe
- Natural Satin Matt Finish

Unika Solid Wood Worktop Oil nourishes and protects all types of timber worksurfaces. Unika worktop oil penetrates deep into the wood producing a natural satin matt finish as well as a durable and water resistant seal.

Your worktop will need to be recoiled at regular intervals to keep its looks and protection. It is recommended to re-apply to the surface once a year or when needed. If the worktop looks dry and spots from daily use appear, its time to oil.

Storage:

Unika Solid Wood Worktop Oil should be stored at 20°C – 30°C for 8 hours prior to use. Ensure that the oil is stirred prior to use and keep well stirred during use.

Directions:

Wood surface must be clean and dry. Unika Solid Wood Worktop Oil is ready to use – stir well.

Apply a thin coat of Unika Oil using a natural bristle brush or roller. Accidental splashes on surrounding areas should be removed immediately with a cloth.

After 15 minutes, remove any excess oil using a cotton cloth. No oil should be left on the surface.

Wait 3 hours before applying an additional coat using the same method as above.

After 15 minutes, remove any excess oil using a cotton cloth. Alternatively use a buffer with a red or white nylon pad. No oil should be left on the surface.

Let the surface dry overnight while the oil hardens. The surface will gradually become more water resistant over the following few days. Any liquid or spillages are to be removed immediately during this period

Cleaning:

Use Unika PH Neutral Solid Wood Worktop Cleaner.

Renovation:

Use Unika Solid Wood Worktop Mousse.

Coverage per 375ml Tin:

4m² - 7.5m²

Coverage per 1 Litre Tin:

15m² - 20m²

Consumer Benefits:

Unika Solid Wood Worktop Oil is fast cure and can be applied and finished in the same day.

Unika Worktop Oil is made from fast curing natural plant oils and wax – it is environmentally friendly.

The oils penetrate deeply into the wood surface, protecting it from the inside keeping it healthy and elastic. Whilst the hard wax, protects the surface making the wood worktop hardwearing and easy to maintain.

Unika Solid Wood Worktop Oil is resistant to most household stains including wine, coffee, fruit juice etc.

Retailer Opportunity:

Sell alongside every solid wood worktop sale. A good quality oil like Unika's Solid Wood Worktop Oil is necessary to maintain a solid wood worktop.
